Gear List

Using this List

Make a copy of this page for each type of outing you'll be taking (see "This List For" below). Fill in the circle for each item that you'll need for that type of outing. For gear that you carry that is not listed here, fill in one of the empty entry lines. Save each copy as a master list. Before an outing, make a new copy of the appropriate master to use as a checklist for that outing. As you pack the gear for each circle marked, check the square next to it.

THIS LIST FOR:

O Hatch covers/lids
